MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

INDIAN ECONOMY

The year gone by will be remembered as a difficult year for the Indian economy. After consecutive quarters of lower economic growth and the weak GDP print, it is safe to say that the Indian economy is reeling through a serious economic crisis. Our Country growth was already at a six-year-low during the pre-lockdown period. The pandemic and lockdowns beginning from fourth quarter of the year has aggravated the existing adverse economic scenario.

In the past 69 years, India has seen a recession only thrice – as per available data – in fiscal year 1958, 1966 and 1980. A monsoon shock that hit agriculture which then impacted a sizeable part of the economy, was the reason on all three occasions. India's fourth recession since independence is perhaps the worst till date as all predictions across the world shows a shrink in our economy. "About 10% of GDP in real terms could be permanently lost", says CRISIL. They mentioned in its latest report that the recession in the current fiscal is different as agriculture could soften the blow this time by growing near its trend rate, assumptions being made on the basis of normal monsoons predicted by IMD.

On the pensive note, the Fin Min on 23rd June, 2020 mentioned that early green shoots of economic revival had started to emerge in the months of May and June with real activity indicators like electricity and fuel consumption, inter and intra-state movement of goods, retail financial transactions witnessing picking up. According to the Finance Ministry, the forecast of a normal monsoon should also support the rebooting of the Indian economy helped by "the recent landmark reforms announced in the sector to build efficient value chains and ensure better returns for farmers".

In the agriculture sector, which the government called the foundation of the Indian economy, procurement of wheat from farmers by government agencies touched an all-time record figure of 382 lakh metric tonnes on 16th June, surpassing the earlier record of 381.48 LMT achieved during 2012-13.

AGRICULTURAL SECTOR IN INDIA

India has the largest arable land resource in the world. Agriculture is the livelihood of 58% of India's population. India is the largest producer of spices, pulses, milk, tea, cashew and jute, and the second largest producer of wheat, rice, fruits and vegetables, sugarcane, cotton and oilseeds. Further, India is second in the global production of fruits and vegetables and is the largest producer of mango and banana.

India is among the 15 leading exporters of agricultural products in the world. Agricultural exports from India reached US\$ 38.54 billion in FY19 and US\$ 28.93 billion in FY20 (till January 2020). The Agriculture Export Policy, 2018 aimed to increase India's agricultural export to Rs 4,19,340 crore (US\$ 60 billion) by 2022.

During the South West Monsoon Season (June September) of 2019, the country as a whole received rainfall of 110 per cent of its long period average (LPA). After 1994 (110% of LPA), rainfall received in 2019 (110 % of LPA) is the highest season rainfall received by the country as a whole. Out of 36 meteorological subdivisions, 2 subdivisions received large excess, 10 received excess and 19 subdivisions received normal monsoon rainfall.

India has set up an ambitious goal of doubling farm income by 2022. The agriculture sector in India is expected to generate better momentum in the next few years due to increased investments in agricultural infrastructure such as irrigation facilities, warehousing and cold storage. Furthermore,

the growing use of genetically modified crops will likely improve the yield for Indian farmers. India is expected to be self-sufficient in pulses in the coming few years due to concerted efforts of scientists to get early-maturing varieties of pulses and the increase in minimum support price.

As per the 4th Advance Estimates (AE) released by Ministry of Agriculture & Farmers Welfare on 23.09.2019, the total production of food grains during 2018-19 is estimated at 285.0 million tonnes which is an increase of 19.2 million tonnes over that of the previous five years' (2013-14 to 2017-18) average production. As per the first Advance estimate for 2019-20, the total production of Kharif food grains is estimated at 140.6 million tonnes.

BUDGETARY & POLICY SUPPORT

To support the growth momentum in the Indian agriculture space as well as bring India at par with countries like China, UK & USA, the government has released several reforms & measures over the past few years. Given below are some of the salient measures announced by the Government which would favorably improve agriculture sector.

SEED INDUSTRY

The seed is one of the most important input in the agricultural process as it determines the potential quality and quantity of the produce expected from the crop. The seed market has been growing at a CAGR of 11% in the past 10 years, this growth momentum is expected to continue. The world seed market was valued at ~US\$ 22 billion in 2009, which grew to US\$ 53 Billion in 2018 & is projected to reach US\$ 93 Billion by 2023.

According to Research & Markets, USA & China currently form up the majority of the seed space and account for 50% of the market share, followed by France, Brazil, India & Canada at 25% and the rest of the world at 25%. Use of innovative technologies like Transgenics, MAS, Gene Editing & RNAi might hasten the growth of the seed industry in the world, faster than what is expected, in value terms.

In India, over 35% of the total market share is captured by cotton seeds and vegetable seeds stand in the second position, followed by paddy and corn. India's Productivity and yield is much lower when compared to that of China's. Lower productivity is a result of low usage of high-quality seeds, inadequate and unbalanced use of fertilizers, lower farm mechanization, fragmented cultivation, weak credit facilities, market linkages and shortage of water.

INDOUS

INDO US BIO-TECH LIMITED is involved in production and marketing of various types of agriculture crop seeds like vegetable seeds, pulses, cereals, oil seeds and spice seeds. Emphasis of Matters

5. (a) in respect of cash sales effected by the company to retail customers/ farmers, the requisite details of customers / farmers could not be made available for our verification. Refer Note No 31 of the Financial Statements.

(b) The company is in the process of developing a stock accounting system by which cost of production and prices are ascertained for each grade /varieties separately and accurately. In absence of that the valuation of stock has been carried out based upon the closing stock as verified by the management at the year end and valued at an average rate of grade/varieties as thought to be expedient by the Management. Refer Note No 32 of the Financial Statements.

Our opinion in above matters is not modified.

Information other than the standalone Financial Statements and Auditor’s Report thereon

6. The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the annual report but does not include the standalone financial statements and our auditor’s report thereon.

7. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

8. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management’s Responsibility for the standalone Financial Statements

9. The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

10. In preparing the standalone financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

11. The Board of Directors is also responsible for overseeing the Company’s financial reporting process.

Auditor's Responsibilities for the Audit of the standalone Financial Statements

12. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
13. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - a. Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - b. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies, which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - e. Evaluate the overall presentation, structure, and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

14. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

16. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
